What is this product?

TYPE OF PRODUCT

The product is a Sub-Fund of ONE Sustainable Fund, an Undertaking for Collective Investment in Transferable Securities (UCITS) incorporated as a variable capital investment company (SICAV) under the laws of Luxembourg.

TERM

The Sub-Fund is established for an unlimited duration. However the Management Company may decide to close this product under certain circumstances.

OBJECTIVES

The objective of the Sub-Fund is to achieve long-term capital growth while giving due consideration to capital security, environmental and social criteria, as well as to the liquidity of assets. It will offers investors the opportunity to align ethical values with investment goals.

The Sub-Fund is actively managed. The benchmark index of the Sub-Fund is MSCI Europe Net TR USD Index. It is mentioned only for performance comparison purposes and the Sub-Fund does not track the index. The Sub-Fund can deviate significantly or entirely from the benchmark index.

The Sub-Fund will mainly invest in any type of equity and equity related security issued by companies:

- with a suitable Environmental, Social and Governance (ESG) profile, as determined by the Investment Manager; and
- which are domiciled, headquartered or exercise the predominant part of their economic activity in Europe; and
- for which high dividends are expected (dividend return greater than the market average).

The remaining assets can be invested in the following financial assets (which will not follow necessarily the ESG criteria): equities and equity related securities other than those above mentioned; any type of debt securities, money market instruments, cash and equivalents; undertakings for collective investment (UCIs), up to the 10% limit mentioned below; financial derivative instruments; structured products.

The Sub-Fund will not invest more than 10% of its net assets in UCIs (UCITS and UCIs other than UCITS).

For hedging and for investment purposes, the Sub-Fund may use all types of financial derivative instruments traded on a regulated market and/or over the counter.

This Class is cumulative. Dividend distributions are not planned.

INTENDED RETAIL INVESTORS

The product is reserved for professional investors. The product is compatible with investors who may bear capital losses and who do not need capital guarantee. The product is compatible with clients looking for growing their capital and who wish to hold their investment over 5 years.

OTHER INFORMATION

The Depository is Pictet & Cie (Europe) S.A..

The net asset value per share is available on www.fundsquare.net, at the registered office of the Fund and from the Management Company.

What are the risks and what could I get in return?

Risk indicator

1	2	3	4	5	6	7
---	---	---	---	---	---	---

← Lower risk Higher risk →

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if your cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.

- EUR 10 000 is invested

Investment of EUR 10 000	If you exit after 1 year	If you exit after 5 years
Total costs	EUR 171	EUR 1 043
Annual cost impact (*)	1.7%	1.7%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.0% before costs and 4.3% after costs.
